STANDARDIZED GRATUITY

In efforts to move toward a more global community, the Evergreen Club sent out a survey two weeks ago, to our members living outside of the US and Canada.

We asked for their input on a question regarding the gratuity paid to the host by the guest.

In efforts to simplify, we recommended that the gratuity amount be standardized for everyone in the Evergreen Club regardless of where you reside or where the host home is located.

The majority voted to standardize the gratuity! Now the universal gratuity amount is:

\$15 USD /day for a solo traveler

\$20 USD /day for a couple

It's always good to tell your guest ahead of time your preference of currency for the gratuity.

A special thanks to our members outside the US and Canada who participated in the survey!

WHAT THIS MEANS FOR YOU

This is great!

Standardizing the gratuity means that no matter where you live, you can now stay with members ACROSS THE GLOBE for one low rate! Regardless of where you travel, you will now just tip your host this one uniform amount.

gratuity

noun

gra·tu·i·ty | \grə-'tü-ə-tē , -'tyü-\

A gratuity is like a tip. It's a modest way to express appreciation and help reimburse hosts for any out-of-pocket expenses they may have incurred in preparing for your visit. Guests naturally want to express appreciation for the hospitality they receive, especially since there is no charge for Evergreen accommodations. To facilitate this, a standard gratuity is payable to your host at each visit. Please present the gratuity when you arrive so it won't be forgotten in the flow of events.
