## THE CLASSIFIED ADS

**Did you know** that we've got a Classified Ads section on our website? It's a great place to see who's looking for what. There's everything from home exchanges to pet sitting! Check it out right on the Member Lounge page (scroll to the middle of the page and click to see more details).

It's an excellent feature of the club, and we encourage you to take advantage of it!

For example, when using the Map Search you can sort by members who are interested in "Exchanging homes for vacation purposes."

### Other

- ☒ Exchanging homes for vacation purposes
- ☐ Traveling with an Evergreen Club member with similar interests
- ☐ Will house sit and/or pet sit

## Feature Story

## STELLAR MEMBERS SAVE THE DAY!

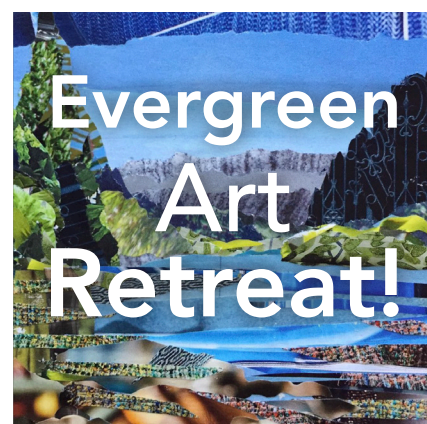

Vince & Kathy + 2 non-member friends from Nebraska were returning from a 2 week vacation out of the country. Their flight had to make an unexpected landing in Dallas due to a medical emergency. They were then grounded by storms in the area and flights for the rest of the day were cancelled. So they called the Evergreen office who connected them with Thom & Andrea (could host 4 people and live near the airport). Thom & Andrea went and picked them up from the airport and hosted them for the night. They had an early breakfast and were back at the airport by 7AM. It's so awesome to see members go above and beyond to help each other! So keep in mind, that if you get stranded, there might just be an Evergreener nearby who is able to help. Use the mobile friendly version of our website on your smartphone for easy and up-to-date member locations & contact info.
