## THE DIRECTORY: EVEN BETTER ONLINE

The Print Directories have mailed & should arrive within a week-10 days from now. These are for people who were members prior to April 2011. Otherwise, a copy is available for purchase (\$15 incl. shipping & handling). We encourage everyone to use the online Map Search (purple circle) which is up-to-date in real time. And use the online Directory (pink circle), where you can still print any page range you want. And there's a secret weapon on the online Directory: you can search by the members who share your same interests! Keep reading in the "Did you know...?" column to find out how!

## DID YOU KNOW...?

Member Tom S. of Detroit asked if we have a way to **search by hobby**.

*Yes, we do!*

Want to stay with members who share your same hobbies or interests? How cool to have instant things in common!

**You can sort by hobby or interest on the Online Directory**, just as you Search for a member's name or city.

Go to evergreenclub.com, log in, and then click on the pink Directory circle. Because it's a PDF you can search for a certain word within the document by clicking 

Type in your interest, like "quilt" to filter for other members who also love to quilt. Did you know there are 23 people who wrote "woodwk" for wood working in their profile? So don't forget to consider abbreviated forms of the word. Try typing in "Bird" which will include birds, birding, birders, etc...

See below for an explanation / diagram of the page.

*Thanks for asking, Tom!*
