The other area we'd consider is around Jacksonville, NC--we have a new grandson we want to see more often there. We like dogs/cats and have a lot of experience caring for them. ## COURTESY CLUES

**If you call/email someone, wouldn't you want to hear back?**

There have been some comments from members expressing frustration at not hearing back when they contact other members. Much of what makes our club successful is the genuine kindness and willingness of the members. Call it the Golden Rule, putting yourself in another's shoes, or just common courtesy, but it certainly reflects well on a person if he/she is responsive, and poorly if they are not.  
So, if you get a call / email requesting information about a stay (even if the date has passed) please ANSWER THEM. Thank you!

## TRAVEL LOG / FEEDBACK TAB

**REMINDER:**  
There's a wonderful feature on each person's profile page where members are encouraged to leave feedback about their travel experience.

The comments written there appear on both the host's and guest's profile pages. This is a great way to **track who you stayed with** and where you've been. You can even reference this when planning future trips -- think of it as a way to make a "favorites" list.
